### **Summary**

The participants of the Fourth Workshop on the Terminology in Developmental Toxicology, held from 18 - 22 April 2002 discussed the results of a survey on the classification of rat fetal external and visceral terminology and classification. The results of the 4<sup>th</sup> Workshop were published in 2003 (© Elsevier Science Inc., Reproductive Toxicology **17** (2003) 625-637). The main task of the 5<sup>th</sup> Workshop is to discuss the adopted IFTS terminology according to the classification attempts (2<sup>nd</sup> – 4<sup>th</sup> Workshop) and the DevTox Database. The 5<sup>th</sup> workshop will be from October 27 – 29, 2005.
