

YUGOSLAVIA (YUG)

PROVISIONAL DATA

Population: 10.8 million

Area: 102 350 km²

The designations and the presentation of material on this map of the Member States of the WHO European Region (as at 31 July 1997) do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines represent approximate border lines for which there may not yet be full agreement.

1. General information

Surveillance of communicable diseases in Yugoslavia is regulated by:

- *Federal Law on Control and Prevention of Communicable Diseases threatening the whole Country* ("Official Journal of FR Yugoslavia, No 46/1996)
- *Federal Regulation on Notification of Communicable Diseases* ("Official Journal of FR Yugoslavia, No 27/1997)

A new National Contact Point in Yugoslavia has been just appointed (December 2000) and will provide more general information soon.
